Dead Walker Texas Ranger

Sleeping With Sirens

A taste for blood won't hold them back
With nails that cut like razors
Hungry for flesh see the undead
Hot on our trails they chase us
We need a place somewhere to hide
Where they won't think to go inside
Watch as your darkest fears return to life
Don't bother sleeping without one eye open wide
There's creatures in the night to haunt you
Their arms are reaching out to hold you tight
Your demons come alive to chase you
Nowhere to run, they're closing in on us
I can see their faces in the windows
Staring in at us
Don't bother sleeping without one eye open wide
There's creatures in the night to haunt you
Their arms are reaching out to hold you tight
Your demons come alive to chase you
Jesse you take the front door
Justin and Jack you take the back
If anything comes in, you put a bullet in their fucking brains

We're coming out of this alive, we won't become like them
We're leaving here tonight, we're leaving alive
No way to stop what has been done
You felt the bite, now you'll be one
Don't tell your friends what you've become
You're not the same cause I can see it in your eyes
I can see it on your face
You're hoping for a taste
Do you feel your blood starting to boil within your skin?
Do you feel your stomach turning?
You know that it's the end
This is the end
No turning back now you're under its spell
We have no choice but send your body back to hell
Don't bother sleeping without one eye open wide
There's creatures in the night to haunt you
Their arms are reaching out to hold you tight

Your demons come alive to chase you
Here they come
There's nowhere left to hide
Fuck!
