

# Preach

## Young Dro

You preach in church  
Don't you?  
Must be rewarding like a post-tour  
Spin your way around in each other's face... I'll show you how this really tastes  
Then I won't replay  
And if it ain't fair-play  
How a nigga sends me?  
I'll begin breaking  
Come on to my Judo  
Show them all my money  
I can buy an army  
I don't need no car key  
I mean they don't start me  
Can you think it hunts me?  
See you with your fluffy Preach, preach, preach, preach  
You preach in church  
Don't you?  
Must be rewarding like a post-tour  
Fuck me around, it's a mistake  
You are here around me You have so much flavor  
See, I need a leader  
Can't you set a waver  
I am not a player  
... isn't it a movie?  
You should see that movie  
Isn't that Bruce Lee?  
Maybe because it's my fault  
Guess I got your mother  
Tell me who to charge her?  
Yesterday anthem, what do you want for ransom?  
He's going for the gender  
You know how to live it  
Can you give an example?  
Don't forget to temper
