

# Horse's Head

Josh Pyke

A single rose  
The curtains close  
A stranger's clothes  
Were all I found  
The great unknown  
The tightrope show  
A world below  
Don't look down  
Don't look down  
Don't look down

Horse's head found in a bed  
Broke the code and braved the weather  
Wore a gown of chestnut brown  
Finger's crossed that there's a heaven

Heaven, heaven  
Heaven, heaven

Found a scroll  
And ancient bones  
A million ghosts  
Were all around  
The great unknown  
The tightrope show  
A world below  
Don't look down  
Don't look down  
Don't look down

Horse's head found in a bed  
Broke the code and changed the weather  
Wore a gown of chestnut brown  
Finger's crossed that there's a heaven

Heaven, heaven  
Heaven, heaven

I found a scroll  
And ancient bones

A million ghosts  
Were all around  
I found a scroll  
And ancient bones  
A million ghosts  
Were all around

Horse's head found in a bed  
Broke the code and braved the weather  
Wore a gown of chestnut brown  
Finger's crossed that there's a heaven

Horse's head found in a bed  
Broke the code and changed the weather  
Wore a gown of chestnut brown  
Finger's crossed that there's a heaven

Heaven, heaven  
Heaven, heaven

I found a horse's head  
I found a horse's head  
I found a horse's head
