Throwing Punches

Page Hamilton

darlin' was a hit.
started throwing punches.
she connects, never gets what she wants.
and she wants..she's unhinged.
swears now that was then.
just a little glitch.
patch it up again.
and she wants..
and she wants..
and she wants..so far i don't understand this.
there's no misunderstanding.
there's nothing here to get.
she wants more than my attention.
she's not above invention.
but i don't really care.it's unreal, she'll tell you what you wanna hear.
feel her infection touch you and rot.
and you rot..
and you rot..
and you rot..so far i don't understand this.
there's no misunderstanding.
there's nothing here to get.
she wants more than my attention.
she's not above intention.
but i don't really care.don't know what you want or how far
you fall when you're unhinged.
coming back for more.
i was only horny.so far i don't understand this.
there's no misunderstanding.
there's nothing here to get.
she wants more than my attention.
she's not above invention.
but i don't really care.
