

# Throwing Punches

## Page Hamilton

darlin' was a hit.  
started throwing punches.  
she connects, never gets what she wants.  
and she wants..she's unhinged.  
swears now that was then.  
just a little glitch.  
patch it up again.  
and she wants..  
and she wants..  
and she wants..so far i don't understand this.  
there's no misunderstanding.  
there's nothing here to get.  
she wants more than my attention.  
she's not above invention.  
but i don't really care.it's unreal, she'll tell you what you wanna hear.  
feel her infection touch you and rot.  
and you rot..  
and you rot..  
and you rot..so far i don't understand this.  
there's no misunderstanding.  
there's nothing here to get.  
she wants more than my attention.  
she's not above intention.  
but i don't really care.don't know what you want or how far  
you fall when you're unhinged.  
coming back for more.  
i was only horny.so far i don't understand this.  
there's no misunderstanding.  
there's nothing here to get.  
she wants more than my attention.  
she's not above invention.  
but i don't really care.
