

Stun Me

Liam Bailey

I need to know this, my love,
I need to understand the meaning of your words,
I need to know you when you're alone,
I need to pull the stars around and draw you close,
But you came and took my world away,
And now I'm here in a million miles of space, saying, Look how you've stunned me now,
Look how you stun me now,
Look how you stun me now, stun me now. I need to know it 'tis the sun,
I never saw it yesterday when it shone off,
And now I know you have big dreams to catch and keep,
When I am still your sole protector as you sleep,
You came and took my world away,
And now I'm here in a million miles of space, saying, Look how you have stun me now,
Look how you have stun me now,
Look how you have stun me now, stun me now, I only want to turn the clock back on the wall,
I only want to see your coat back in the hall,
I only want to wake and find I dreamt it all, I only want you,
I only want you,
I only want you,
Whole life, darling, darling, Look how you've stunned me now,
Look how you have stun me now,
Look how you have stun me now, stun me now, oh now, Look how you stun me now,
Look how you stun me now,
Look how you stun me now, now...
