

Invincible

[Anette Olzon](#)

Years, all the years
All the tears
I longed for you All the prayers
My despair
Couldnt bare
To wait for you
No more My dear - I'm here
No fear - Invincible
See the stars glow all their gazing lights on you
Feel - can you feel
What I feel
I'm near you
And your hand
Holding mine
Only mine
There's no one else
Oh you're
My dear - I'm here
No fear - Invincible
See the stars glow all their gazing lights on you My dear - I'm here
No fear - Invincible
Hear the thunder sing its roam for you tonight
