

Safe From Harm (feat. Shara Nelson)

Massive Attack

Midnight rockers, city slickers
Gunmen and maniacs
All are featured on the freak show
And I can't do nothing 'bout that, noBut if you hurt what's mine
I'll sure as hell retaliateTelling us what is infectious and dangerousYou can free the world, you can free my mind
Just as long as my baby's safe from harm tonightYou can free the world, you can free my mind
Just as long as my baby's safe from harm tonightTelling us what is infectious and dangerous
Friends and enemies, they find us contagious
I was looking back to see
If you were looking back at me
To see me looking back at you
Lucky dippers, crazy chancers
Seems to be moving fast
What happened to the niceties of my childhood days?
Well, I can't do nothing 'bout that, noBut if you hurt what's mine
I'll sure as hell retaliateI was
I was looking back to see if you were
I was looking I was
I was looking back to see if you were looking back at me
To see me looking back at youYou can free the world, you can free my mind
Just as long as my baby's safe from harm tonightYou can free the world, you can free my mind
Just as long as my baby's safe from harm tonight
Telling us what is infectious and dangerous
Friends and enemies, they find us contagious
And they spread into your system like a virus
Yes, the trouble is it kind of makes you anxiousI was
I was looking back to see
If you were looking back at me
To see me looking back at youI was
I was looking back to see
If you were looking back at me
To see me looking back at youBut if you hurt what's mine
I'll sure as hell retaliateYou can free the world, you can free my mind
Just as long as my baby's safe from harm tonightYou can free the world, you can free my mind
Just as long as my baby's safe from harm tonight
