

Starlight

Pure X

Starlight
in your eyes
Show me the way
to your love
Show me the way
to your love
Starlight
in your eyes
Show me the way
to your love
Show me the way
to your love
Even though I'll never let you goStarlight
in your eyes
Shining
into mine
Shining
into mineSometimes
you just wanna run
Sometimes
you're almost out
Sometimes
you just wanna run
And there ain't nothing to do
And there ain't nothing to say
There ain't no way to change it
Even though I'll never let you go
Starlight
in your eyes
Starlight
in your eyes
Starlight
in your eyes
