

# Goodbye (feat. Lyse)

Feder

Is someone listening?  
OK Let me tell you this story  
It was that guy  
First you loved, then you promised  
Two of us losing control, crazy night, intense sex  
Now, living, my own life  
Got you out of my (mind)  
Have, me wasting, too much time  
Gonna leave you far behind Then, you ran away  
Are you thinking of me?  
When you f\*ck her?  
Doubt you know you were supposed to love me  
Till the day (you)  
Almost  
Kill me Now, living, my own life  
Got you out of my (mind)  
Have, me wasting, too much time  
Gonna leave you far behind
