Kings Of Hollywood

MxPx

I remember times back in Hollywood,
Best friends making music-we were feeling good,
The top was always down and the sun was always shining brightI remember singing to the radio,
On a sunset strip-we were driving slow
The top was always down and the stars were always shining brightThe sun was going up when we were laying down,
We felt like kings and we loved that town,
The sun was coming up when we were laying low,
We felt like kings, we were living a dreamEveryone was there so we got into the car,
Heading out to Vegas, didn't get very far,
The top was always down and a tire blew a flat that nightWe changed the tire then we turned right around,
Picked up a hitcher all the way into town,
the top was always down with the gas pedal on the groundThe sun was going up when we were laying down,
We felt like kings and we loved that town,
The sun was coming up when we were laying low,
We felt like kings, we were living a dreamWe'll be on the town tonight,
And you'll get left if you ain't right
We'll be on the town tonight,
And you'll get left if you ain't right
We'll be on the town tonightWe watched the freaks fade away in the day,
We watched celebrities come out to play,
The top was always down and we knew our way aroundThe sun was going up when we were laying down,
We felt like kings and we loved that town,
The sun was coming up when we were laying low,
We felt like kings, we were living our dreamsThe city in our eyes, the music in our souls
We loved singing loud to the stereo,
Left coast punk rock, that's our scene,
Rock n'Roll....We're living a dreamdo do do do do do do
(I said) we're livin' a dream
(I said) we're livin' a dream
(I said) we're livin' a dream
(I said) we're livin' a dream
(I said) we're livin' a dream
(I said) we're livin' a dream
(I said) we're livin' a dream
