

That's What I Like

[Dean Martin](#)

People worry about the pursuit of happiness
It's amazing the amount of time and energy they spend
When there's really only one approach to the present psychological trend
Kiss me kiss me kiss me baby that's what I like Hold me hug me pet me baby that's what I like
You don't have to give me clever conversation
I just want affection not an education
Kiss me hold me hug me pet me baby that's what I'd like you to do And love me love me love me baby too
You don't have to give me classy conversation
I just want affection not an education
Kiss me hold me hug me pet me baby that's what I'd like you to do
And love me love me love me baby too
