

The Crossing

Enslaved

[Music: Ivar Peersen - Lyrics: Kjetil Grutle]I no longer struggle

 No longer see

 Nothing remains, burning anxiety

 Darkness came forth

 Gave birth to me

 Certain death is all I seeI see you weep

 I see you suffer

 I've seen kingdoms rise and fall

I've seen all that's supposed to beEarthbound forces, united with sorrow

 The path was given in ancient times

 Embraced by hunger, forgotten by will

 The wisdom is hold up stillBreak the chains, come forth to see

 Cross the abyss not meant to be

 Cross the river, find the key

 Kill the queen of anxiety
