I'll Be Gone

Lightnin' Hopkins

Baby, what is wrong with you?
Tell me, tell me now
What is wrong with you?
You don't treat me like you used to doSomeday, won't be long
One day, baby, won't be long
You're gonna call on me
And I'll be goneBaby, I can see a long way
Babe, I can see a long way
I see you with your suitcase
Hope you're coming home to stay
