

# Until The End Of Time

## Foreigner

When I was young and the world belonged to me  
I thought that love meant pain and jealousy  
It was a cross on my shoulder  
Oh Lord, now I feel so much older  
Time had a way of making me see  
My lonely life has taken its toll on me  
Now I feel the emptiness  
And I don't want to live like this  
Now I've heard stories, I've heard songs  
Telling me believe my heart, don't wait too long  
But words that don't ring true  
Until there was you  
Never will I lose this heart's desire  
Ever will I feed our love's fire  
Only when I know that you'll be mine  
Until the end of time  
How do I trust what I'm beginning to feel?  
And how deep my soul, how much can I reveal?  
I'm lost in love's mystery  
I'm caught between time and eternity  
Now there's a door that opens wide  
Slowly I will find my way and reach inside  
But I couldn't make it through  
Until there was you  
Never will I lose this heart's desire  
Ever will I feed our love's fire  
Only when I know that you'll be mine  
And only when I see the light of love shine  
Until the end of time  
Never will I lose this heart's desire  
Ever will I feed our love's fire  
Only when I know that you'll be mine  
And only when I see the light of love shine  
Never will I lose this heart's desire  
Ever will I feed our love's fire  
And when I see the light of love shine in your eyes  
When they meet mine only then I know it's you and I  
Until the end of time
