

# Wash Them All With Love

[Eitch](#)

Wash them all with love, love. Love is a drug.

Cleanse your mind, cleanse your eyes, cleanse your heart, cleanse. Wash the ones you love and wash your enemies, if you're wonderin' how it's done, then why don't you come and see? Show them what you're made of, your main prize, tell them you've got a surprise, on the inside. Love is my drug and I wanna spread its wings. Its got a hunger, and my craving is to to feed. Wash them all with love, love. Love is a drug. It's cold outside, I'm here to, wash em down. Love, love.

Love is a drug, love is a drug. Love is my drug and I wanna spread its wings. Its got a hunger, and my craving is to to feed. Washing with your love can be done so easily, if you aren't sure but willing then come and follow me. It's cold outside, I'm here to, wash em down. Love, love.

I can take you to that special place, a clean slate, there's always room for more lovin' in my space. Wash them all with love, love. Love is a drug.

It's cold outside, I'm here to wash em down. Love, love. If you wanna see change in all you think is wrong, then you've got to start doing right.
