

Run Away From Trouble

Frankmusik

And we try
But we're no
As the sun rised
We faked all
As I walk away from trouble
I saw her soul decline
As I walked away and stumbled
You see me fall behind
You
Fall behind
Now I have
Nothing oooo
Cause I walked away from trouble
In a state of mind Then I walked away and tumbled
Thinking this was fine [Repeat x3]
And we try [Repeat x3]
We have fate to lure
