

Asphyxiate With Fear

Therion

The amazon
Is attacked
Jungles killed
Support no air
Coca Cola
Burns the woods
And plants fruit trees
To serve you drinks Multinational corporations
That's what It's all about
To making money and feed their ass
That is the reason why Suffercation
We all die Burn the woods
And kill the air Mutilation
Of the air
Devastation
And despair God
Don't
Let
Us
Die McDonalds
Feed their cows
With out children's
Lives Ten years past
All are dead
Trees are gone
And so all life
