

# Introducing the Band

## Suede

Dog man star took a suck on a pill  
And stabbed a cerebellum with a curious quill  
Europe, America, Winterland  
Introducing the band Chic thug stuttered through a stereo dream  
A fifty knuckle shuffle heavy metal machine  
The tears of suburbia drowned the land  
Introducing the band So steal me a savage, subservient son  
Get him shackled-up, bloodied-up and sucking on a gun  
I want the style of a woman, the kiss of a man  
Introducing the band And as the sci-fi lullaby starts to build  
See them whipping all the women, cracked governments killed  
Oh, let the century die to violent hands  
Introducing the band
