

Hated (Live from Download Paris)

Beartooth

Who knew you'd be hated for being who you are
And be a big target for all the insecure
All alone in a wall-less prison
Didn't forget and you're not forgiven
Live every day with the pain in the back of my mind
Torture doesn't begin to describe it
I won't forget. I won't forgive. I won't forget.
Who knew you'd be hated for
being who you are
And be a big target for all the insecure
There's a bullseye painted on our chests
In the crosshairs of the ignorant
But I am not your scapegoat anymore
All alone with my own decisions
I try to scream but you never will listen
It took a while but you're finally out of my life
And I swear there's no better feeling
I won't forget. I won't forgive. I won't forget.
Who knew you'd be hated for
being who you are
And be a big target for all the insecure
There's a bullseye painted on our chests
In the crosshairs of the ignorant
But I am not your scapegoat anymore
Try to scream but you never will listen
Didn't forget and you're not forgiven
You're not forgiven!
Didn't forget and you're not forgiven!
Who knew you'd be hated for being who you are
And be a big target for all the insecure
Who knew you'd be hated for being who you are
And be a big target for all the insecure
There's a bullseye painted on our chests
In the crosshairs of the ignorant
But I am not your scapegoat anymore
