

On a Night of Full Moon

Mercyful Fate

Stay away, I am evil or you will die by tomorrow
Copulation with a body of woman recently dead
My ceremonies with all the corpses
Finding souls to unlock the coffins
Its a desecration of souls in their holy lair
Magic circles drawn after midnight
Around graves to be opened, Ill use a wand and bodies rise
Ill ask the questions and Ill burn the remains
Its a desecration of souls in their holy lair
Oh this sacrifice
Ive been searching
On the night of full moon
Copulation with a body of woman recently dead
My ceremonies with all the corpses
Finding souls to unlock the coffins
Its a desecration of souls in their holy lair
Oh this sacrifice
Ive been searching
On the night of full moon [Incomprehensible]
