

Anything For You

Mc Magic

ohh ohh
(hey whats up mama how
you doing these days)
baby baby baby baby
I would do anything for you
(oh yea)
i know that you got somebody else in your life
(yeah i do)
but i cant help the way I feel
im going insane with out you here
(things ain't the same anymore girl)
and I know she will never let you go
(so much time has past)
and so I cry myself to sleep
(don't cry mama)
thinkin of what we could of been if you loved me.I remember when we started like love at first sight
I was crazy for your kisses
and your lovin every night.
They said we wouldn't make it but we still stuck it through
my world was incomplete if I wasn't right next to you
nd ive herd nd said that all good things come to an end
but you tore my life to pieces when you ran away with him
why my mind was lost nd i just couldn't understand
id give the world for you girl
ready to die right then
but maybe what we had was just a big mistake
and sometimes love slowly turns in to hate
I gave it all because of you lost it all because of you
nd after all this time i think im finally over you..[chorus)
baby i wish that i had of never let you go'
its like i hate myself when i realize
that i was just so blind to know
nd i know she will never let you go nd
so i cry myself to sleep
(yea its kind of late mama ,dnt cry)
thinkin of what we could of been if you loved me.Girl, is not that i dnt love you deep inside i always will.
But you lost all my trust
and i can never feel the way i did
befor you ever tld bout him

you was like my hidden treasure
my special little gem.
now you say you realize
that you belong with me
but the only thing i learned
is you will always lie to me
Once a liar always a liar thats what people say
how can i trust a bridge that let me fall into my worse days
My worst nights like falling of the edge of life
like being stabbed in the heart wita hundred knives
they say that time heels the pain but im still waiting for that day.
im tired of looking thru yours picture everyday
but then i see you face to face
must be that smell on ur body those lips that i can almost taste
i start to wonder if we had a second chance
would you do the same thing to me again[Chorus)
baby i wish that i had of never let you go
its like i hate myself when i realize that i was just so blind to know
nd i know she will nvr let you go nd
so i cry myself to sleep thinkin of what we could of been if you loved me.yeah i just dnt now what to say gurl
you know after eveything that happend
i just cant start all over
im sorry gurl.ohhh ohh oh oh
baby baby baby bby
i would do anyhting for you.
