Someone Do Something

Kill Hannah

I've been waiting for the day when the sun goes away
Never to return
Opens up a modern age,
Bright white but was grey
And they can never catch us
Oh don't take this from me
I need to believe
In something
I won't protest this leave
I'm falling to pieces
Oh no someone do something
I've got one long crazy dream
That heaven fought out troubled teens and anorexic girls,

but it lasted twenty years and none brought to tears and no one can wake me
Oh the bright young things we never sleep
We just lie down while we dream
Someone do something
I'm falling to pieces, no one matters does anything
Oh the bright young things we never sleep
We just lie down while we dream
Someone do something I'm falling to pieces
Oh what matters
What matters
What matters
Oh
What matters
