

Give All You Can

Cody Jinks

The dark places I go, ain't just on the road
'Tween the lines, 'tween the views
It's the same
Never did understand, to much younger men
Why I felt such a need to go But I learned that it's all in my head
Can't stop whatever's turnin'
With that being said
I got a bad tortured soul
For reasons I don't know
Guess for some it's just meant to be
But I remember Mathew 5
I'm thankful to be alive
And I know there's people on that mountain
Who are a lot like me
I've been down and not had a dollar to my name
But there's angels there that got me through
And I can do the same When you give all you can
When you give all you can
When you give all you can, give some more
Till you spend all your time
Till you spend your last dime
Tell me brother, what are you living for?
What are you loving for? I've been down and not had a dollar to my name
But there's angels there that got me through
Hell, I can do the same
When you give all you can
When you give all you can
When you give all you can, give some more Till you spend all your time
Till you spend your last dime
Tell me brother, what are you living for?
What are you living for?
What are you living for?
What are you living for?
You living for
What are you living for?
When give all you can
What are you living for?
Give all you can
What are you living for?

What are you living for?

Give all you can
