

Can't Stop The Rock

Apollo 440

Verse 1

I'm hearin' people talkin'
Sayin' things that just ain't true
Thinkin' that they know what we've been through
They say that we've been walkin'
Away from what we started to do
But we still want our message to get through

Bridge
We're soldiers under command

Gonna sing it loud and clear

He's the rock that makes me roll

Turn it up, we want you to hear

Chorus
Can't stop the rock

Can't stop the rock

Verse 3
Playin' in this rock band

Tryin' to make a stand

Hasn't been an easy thing to do

Verse 4
Travelin' 'cross this land

Tryin' to make people understand

We've got the right to rock 'em how we choose

Bridge
Repeat Chorus
