

Rain Down Love

Freemasons

Same thing, sunshine
Got change on my mind
I can't say it's alright
'Cause I need a cloudburst in my lifeThunder shower
When love flowers
Baby, it's alright
To just get soaking wet tonightNo expectation, no demand
Just know my heart is in your hands
You got the power and control
Oh, oh, ohLet it rain down love, heavenly storm
Just what I'm searching for?
Let it rain down love
Can't touch the ground
Baby, just let your love rain down
(Down, down, down, down, down, down, down, down)Make it, just pour
Break it, let it storm
Shake me to my core
'Cause I need a hurricane for sureNo expectation, no demand
Just know my heart is in your hands
You got the power and control
Oh, oh, ohLet it rain down love, heavenly storm
Just what I'm searching for
Let it rain down love
Can't touch the ground
Baby, just let your love rain downLet it rain down love, heavenly storm
Just what I'm searching for
Let it rain down love
Can't touch the ground
Baby, just let your love rain downLet it rain down love, heavenly storm
Just what I'm searching for
Let it rain down love
Can't touch the ground
Baby, just let your love rain down
