# Don't Take Your Love

## The Manhattans

Now when I've just begun to need you
Trying to throw everything away
No need to tell me, know you need time
Time for me to make you see you're always mine
Don't take your love away from me
Don't take your love away from me
Oh time after time when I thought we were close
Don't take your love away from me
Everyone is telling me to leave you
I'd love to know what you're doing now
I'm tempted to call round I'm tempted to phone
Just for you and me girl to be on our own
Don't take your love away from me
Don't take your love away from me, baby
Don't take your love away from me

Don't take your love away from me
Oh time after time when I thought we were close
Don't take your love away from me
Every time I'm lonely and I need you
Can I just call round and talk alone
I'm losing my will to live and people I know
Are telling me I've lost you girl
And there's no hope, so please
Don't take your love away from me, baby
Don't take your love away from me, please
Don't take your love away from me, stay with me baby
Don't take your love away from me, baby
Don't take your love away from me, gonna stay with me baby
Don't take your love away from me, please
Don't take your love away from me, stay with me baby
Don't take your love away from me.
