Wherever Would I Be?

Dusty Springfield

When my world is turning
When it's turning upside down
When all I see is rain
When I think the night won't end
I just think of you
And I can see the sun again
Wherever would I be without you?
If I didn't have you, if I didn't have you
Whatever would I do now, baby?
Wherever would I be without you?
I'd be nowhere, nowhere, I'd be nowhere, nowhere
When the dreams I dream all seem
A million miles away
When I'm sure I'll never win
When it's looking like I've lost my faith
I just look at you baby, baby
And I got a reason to believe again, oh oh
Wherever would I be without you?
If I didn't have you, ooh
Whatever would I do now, baby?
Wherever would I be without you?
I'd be nowhere, I'd be nowhere, I'd be nowhere, nowhere
Without you to love me, to love me
Just be wasting time
Going out of my mind
Wherever would I be without you?
If I didn't have you, if I didn't have you
Whatever would I do now baby?
Wherever would I be without you?
I'd be nowhere, nowhere, I'd be nowhere, nowhere, nowhere oh oh
Wherever would I be without you?
Wherever would I be?
If I didn't have you
If I didn't have you
Whatever would I do now baby?
Wherever would I be without you?
I'd be nowhere, I'd be nowhere, nowhere, oh oh
Wherever would I be without you?
If I didn't have you

Whatever would I do now baby?
Wherever would I be without you?
