

# Made It out the Hood (feat. Kodak Black)

## Young Scooter

[Hook: Young Scooter]

I made it out the hood, my niggas good  
These niggas hating cause I made it out the hood  
Shroom dice playing poker, cooking dope  
Jugging bales, that's what happen in the hood  
It's a lot of real niggas  
Bitch you know it's steal and snitch in each and every fucking hood  
I would never cross my niggas  
They gon' ride for me nigga, Young Scooter and I put that on my hood[Verse 1: Young Scooter]  
50 racks in the bank, I'm in the hood shooting CeeLos  
Cost a whole 100 thousand, beat that case in Ohio  
Never sold a dog food, let that sit off the [?]  
When I move, they streets move, it's a go, I'mma say so  
Got that 50 bricks of white in the truck on the back street  
Making children stay away but we meet up like a track meet  
Pull off in a 2 litre, that shit stop my heart beat  
I won't never see you fake rappers out in these dirty streets  
You say you from the hood, you better keep it real  
Long way up out that money, I won't ever deal  
I got remix dope jumping out the bail  
I just spent 5 mil out the hood I'm in[Hook: Young Scooter]

I made it out the hood, my niggas good  
These niggas hating cause I made it out the hood  
Shroom dice playing poker, cooking dope  
Jugging bales, that's what happen in the hood  
It's a lot of real niggas  
Bitch you know it's steal and snitch in each and every fucking hood  
I would never cross my niggas  
They gon' ride for me nigga, Young Scooter and I put that on my hood[Verse 2: Kodak Black]  
I put that on my mama, I'm a road runner  
If this load drop, it gon' be a cold summer  
Sometimes I wonder how the fuck I keep from going under  
Sometimes I wonder how the fuck I made it out the drug  
Keep up under them books like a librarian  
Booty onion, I'mma motherfucking barbarian  
You remember when we caught a case [?]?  
You remember that little altercation [?]?  
You know that money dirty, had to do my laundry  
But now that money clean, yup, money laundering

VA, I hit for 30, I went down for larceny  
Lord you know I'm living dirty, here's to doing robbery
