Best Defense

Face to Face

You haven't heard a word of what I said
I'd give anything to get inside your head
You act as if there's nothing left to say
I guess everything is easier that wayI know that you don't want to think about it anywayI won't let you hide from this
Even with your best defense
You can't deny the way you feel about meI know you think about it all of time
But there's nothing left to make you change your mind
I know you think you're doing what is right
But you're acting on frustration out of spiteAnd I don't want to say another word to start a fightAnd if you're so convinced that we're so wrong
You're still standing here where you've been all along
It doesn't make much difference where we think that we belong
