## Aero Flynn

I've already tired  
I've already tired  
Of everybody's head  
Of everybody's head Rallying you of dirt  
Rallying you of dirt  
You have genuine scars  
You have genuine scars Take a bit of tea  
Take a bit of tea  
Relax in fallen trees  
Relax in fallen trees I'm so afraid  
I'm so afraid  
Of everybody else  
Of everybody else I've already tired  
I've already tired  
Of everybody's head  
Of everybody's head Take me out to sea  
Take me out to sea  
Take me out to sea
