

# My Heart and I Decided

[Ella Fitzgerald](#)

My heart and I decided  
If you like it, we'd like it too  
Secluded with youMy heart and I decided  
We'd find heaven, blue heaven too  
Secluded with youUp on the Prairie or out on a desert  
Where tumbleweeds stumble around  
High on a mountain or deep in a valley  
Or some little alley in townMy heart and I decided  
It's just too, too good to be true  
Secluded with youMy heart and I decided  
We'd find heaven, blue heaven too  
Secluded with youUp on the Prairie or out on a desert  
Where tumbleweeds stumble around  
High on a mountain or deep in a valley  
Or some little alley in townMy heart and I decided  
It's just too, too good to be true  
When I'm secluded with you
