Gravity (Pacific Heights Remix)

Shapeshifter

At first light I think we both knew
Just what we were getting into
Now it feels just like I'm falling
When will I hit the ground
Will I be running, for youEvery time I feel my heart beat
That's when I know you're around
Could you be what I've been after
Or more precise, my disasterAs I run I am free
No longer fight gravity
All triumph and tragedy
Please run run away with meAs I run I am free
No longer fight gravity
All triumph and tragedy
Please run run away with meNot a thing that they could do
That's gonna slow me down
Now that I've found my way
And I am movingAs I run I am free
No longer fight gravity
All triumph and tragedy
Please run run away with meAs I run I am free
No longer fight gravity
All triumph and tragedy
Please run run away with meBarely touched the ground
Head up in the clouds
Ain't gon' take me down
Now that I've found this I bound this
Now that we've found this we bound this
