

# The Comedown

## Black Gold

You're so afraid to lose control,  
Standing closer when it takes hold  
You said, "it feels so good to be right here  
With you and turned on by her" I don't want to complicate  
Making the same mistake,  
Feeling the room spin around us On, as the night goes on  
You lead me on and take your time  
Wrong, don't get me wrong  
And wait too long or we'll come down I don't mean to hesitate  
Now that it's getting late  
And everyone's standing around us The look she gave me said it all  
We're coming down now,  
We've gone too far I don't want to complicate  
Making the same mistake,  
Feeling the room spin around us On, as the night goes on  
You lead me on and take your time  
Wrong, don't get me wrong  
And wait too long or we'll come down They fell all around you  
Now you're all alone, coming down
