

Did You Hear About Us

[Lalaine](#)

Hey, we're still the best of friends
But the drama never ends with everybody in our business
Hey, how much you wanna bet
They're talkin' 'bout us now, there's no tellin' what they'll say next
I heard we're called the party crowd, we
flirt too much and talk too loud
They don't even know us, where you think they get this stuff?
I heard they hate the way we dress, we try too hard, we're such a mess
They must be really desperate if this is what they call fun
Did you hear about us? So, don't matter anyway
Say what they wanna say, they'll never figure us out
We're gonna do what we wanna do
Show them a thing or two, let's give 'em something to talk about
Let's go out and cause a scene, turn some
heads on every street
Crash a bunch of parties, anything to start them up
Run all the lights in our new cars, head line news like movie stars
Let's give 'em what they want, yeah, 'til they can't get enough
Did you hear about us? Did you hear about us?
