

# Lone Wolf and Cub

## Thundercat

Lone wolf and cub  
Where will you go?  
What will you do  
All on your own?  
Put up a fight  
Heal from your wounds  
Lone wolf and cub Wolf and cub, wolf and cub, wolf and cub  
On your own, on your own, on your own  
Where will you go? Where'll you go? Where'll you go?  
What will you do? What you do? What you do?  
Wolf and cub, wolf and cub, wolf and cub  
On your own, on your own, on your own  
Where will you go? Where'll you go? Where'll you go?  
What will you do? What you do? What you do? Wolf and cub, wolf and cub, wolf and cub  
On your own, on your own, on your own  
Where will you go? Where'll you go? Where'll you go?  
What will you do? What you do? What you do?  
Wolf and cub, wolf and cub, wolf and cub  
On your own, on your own, on your own  
Where will you go? Where'll you go? Where'll you go?  
What will you do? What you do? What you do?
