# Follow Through

## Sasha Dobson

You never thought I had the discipline
The way you looked at me, I can see it's true
And, I know that you've heard it all before
But this time I've got something to prove
I know I've started a lot of things
And I never finished anything
This time things are changin'
And I, this time I aim it's true
This time I'll follow through
I'll follow through
I get distracted and I get off track
I stumble off my path and I am lost again
Now I see and I have never felt like this before
And this time I will follow through
I'll follow through, I'll follow through, I'll follow through
I know I've started a lot of things
And I never finished anything
This time things are changin'
And I, this time I aim it's true
This time I'll follow through
I'll follow through, I'll follow through, I'll follow through
Follow through
