Believe

Emerson Drive

Five year old Superman

Got a beach towel cape

And he thinks he can

So he takes a dive off the chicken coopRed behind and a broken foot

Daddy said, "I hope you learned your lesson good"

"Yes sir, next time

I'm gonna wear the Superman boots"Go on, give it a try

Go on, give it a tryRed rhinestones and a Silvertone

Opry playin' on the radio

He says, "One day I'm gonna be on that stage"Spends all his time practicin'

Gets a big break and it all begins

Now he waitin' in the wings

And Porter's callin' out his nameBelieve

You can fly, you can sing

Take a leap, spread your wingsBelieve

Have a little faith, little trust

Little luck, little love and dream

Whatever you want but you've gotta believeGo on, give it a try

Go on, give it a try

Go on, give it a try

Go on, give it a tryHer momma said

It's wastin' tips in an all night diner

Babies, boys and black eye liner

It's a woman's life, it ain't rocket scienceBut she set her sight on the Ivy League

Got a full free ride and her PhD

Now she's down in Houston

And she's one of NASA's finestGo on, give it a try

Go on, give it a tryHe's 91, she's 85

Said, "By God, we're still alive

Let's go steppin' out before we cash it' in "Take the Cadillac down to the Broken Spoke

Do the ole two step or cotton eyed joe

Just like the South, they're gonna rise againBelieve

You can fly, you can sing

Take a leap, spread your wingsBelieve

Have a little faith, little trust

Little luck, little love and dream

Whatever you want but you've gotta believeGood things come to those who will believe

So believeYou can fly, give it a try, you're gonna see

Whatever you want, whatever you dream

If you believeGo on, give it a try
Go on, give it a try
Go on, give it a try, ohhYou can fly, you can sing
Take a leap, spread your wings
Believe
Go on, give it a tryYou can fly, you can dance
Take a leap, take a chance
Believe
Go on, give it a tryYou can fly, you can sing
Take a leap, spread your wings
Believe
Go on, give it a tryYou can fly, you can dance

Take a leap, take a chance

Believe

Go on, give it a try
