

# Goodbye Graceful

## Falling in Reverse

Can't believe that I survived  
I fell so lost but I'm alive  
Stood in front of the gates of Hell  
With a glass of ice water in my hand  
Praying at the edge of my bed  
Get the fuck out of my head Goodbye Graceful, I'm so grateful  
You help to change my wicked ways  
When I was in my darkest days  
And I'm so thankful that you were able  
To save me from the burning flames  
It made me who I am today. This dark cloud is still around  
My thoughts wander in and out  
And if I die before I wake  
Tell the Devil I'm on my way!  
Praying at the edge of my bed  
Get the fuck out of my head Goodbye Graceful, I'm so grateful  
You help to change my wicked ways  
When I was in my darkest days  
And I'm so thankful that you were able  
To save me from the burning flames  
It made me who I am today. I've been running for the longest time  
I forgot where I have left my mind  
( I have left my mind ) Goodbye Graceful, I'm so grateful you were able  
to have saved me Goodbye Graceful, I'm so grateful  
You help to change my wicked ways  
When I was in my darkest days  
And I'm so thankful that you were able  
To save me from the burning flames  
It made me who I am today. Picking all the pieces  
Of my life up off the floor  
Searching for an open window or an exit door  
This boulder on my shoulder  
It got heavier and colder till the day that I got sober  
Now it's slowly rolling over To all the people I've done wrong  
now I apologize  
To all the girls hearts I broke to the tears I made them  
cry  
I know it's been awhile and you have traveled many miles  
to get away it's not my style but I wrote this song to

make you smile Picking all the pieces  
Of my life up off the floor  
Searching for an open window or an exit door  
This boulder on my shoulder  
It got heavier and colder till the day that I got sober  
Now it's slowly rolling over To all the people I've done wrong  
now I apologize  
To all the girls hearts I broke to the tears I made them  
cry  
I know it's been awhile and you have traveled many miles  
to get away it's not my style but I wrote this song to  
make you smile
