

In Love With The Dj

Cassie

I think I'm in love with the Dj
I do whatever he tells me
So tell me that aint love
Hey im in love with the Dj
I'm speedin out on the freeway
He's the anyone who can help me
So point me to the club
Hey I'm in love with the Dj
I went from zero to sixty in like two point five
So you know I cant wait to get inside
I hear the base line knockin
And everybody's out on the floor
I sashay in my stilettos
the bright red pair (Plus it)
Just took me two hours to do my hair
I see my girls at the table
With like three more bottles to go
Not to mention
I'm in love with the Dj
I think I'm in love with the Dj
(I think I'm in love with Dj)
I do whatever he tells me
So tell me that aint love
(So tell me that ain't love)
Hey im in love with the Dj
I'm speedin out on the freeway
(I'm speedin out on the freeway)
He's the anyone who can help me
So point me to the club
Hey I'm in love with the Dj
He hopped on the turn tables
Just to play my jam
He dropped the beat

And I put up my hands
I see alot of girls dancing
But I know he played that record for me
(Hey Dj play the record for me)
I got all the boys jocking

But I need my space
It turns me on
When he turns on that base
I'm in the middle of the club
I don't care about the V.I.P
Because I'm in love with the Dj
I think I'm in love with the Dj
I do whatever he tells me
So tell me that aint love
(So I know you can't tell me that ain't love)
Hey im in love with the Dj
I'm speedin out on the freeway
He's the anyone who can help me
So point me to the club
Hey I'm in love with the Dj
She don't want to leave the party
She's with the Dj
And you can't get her off the floor
(Hey I'm in love with the Dj)
She don't want to leave the party
She's with the Dj
And you can't get her off the floor
(Hey I'm in love with the Dj)
Ohhh
I think I'm in love with the Dj
(I think I might be in love)
I do whatever he tells me
(Whenever, Whatever, However)
So tell me that aint love
Hey im in love with the Dj
