Strangers In The Night

H.I.A.M.

Strangers in the night exchanging glances
Wondering in the night
What were the chances we'd be sharing love
Before the night was throughSomething in your eyes was so inviting
Something in your smile was so exciting
Something in my heart told me I must have youStrangers in the night, two lonely people
We were strangers in the night
Up to the moment when we said our first helloLittle did we know
Love was just a glance away
A warm embracing dance awayAnd ever since that night we've been together
Lovers at first sight, in love forever
It turned out so right for strangers in the nightLove was just a glance away
A warm embracing dance awayEver since that night we've been together
Lovers at first sight, in love forever
It turned out so right for strangers in the night
