

Disarm Yourself (feat. Emma Hewitt)

Dash Berlin

Disarm yourself
Release the fear
Disarm yourself
And hold me near,
Now...Give yourself to me
Give yourself to me
Give yourself to meDisarm yourself
Release the fear
Disarm yourself
And hold me near
Now...Don't you miss yourself
And all you used to change
it always ends (it always ends)You keep on running backwards
Keep on chasing your own demons
Slip away to another hour
And let me in...Disarm yourself
Release the fear
Disarm yourself
And hold me near
Now...
Give yourself to me
Give yourself to me
Give yourself to meDisarm yourself
Release the fear
Disarm yourself
And hold me near
Now...
