

# Football Season Is Over

## Bring Me the Horizon

Why the fuck can I not hail a taxi?  
Arm out, like a Nazi!  
Every cunt's driving past!  
Where the fuck is everyone?  
I can't see anyone. I can't see anything!

The hardest part of today is a hangover  
empty bottles and empty promises  
The hardest part of today is a hangover  
I got every person I need  
and it's gonna be one hell of a messy night!  
I can't remember last night. I can't remember anything!  
I can't remember last night. I can't remember anything!

(Turn this fucking shit up!)

Party till you pass out, drink till you're dead.  
Dance all night till you can't feel your legs!  
Party till you pass out, drink till you're dead.  
Dance all fucking night!  
Party till you pass out, drink till you're dead.  
Dance all night till you can't feel your legs!  
Party till you pass out, drink till you're dead.  
Dance all fucking night!  
Ow!

We are done with giving a fuck!

(Im so drunk I cant even... Fuckin' see anymore!)
