

# Other Side

## Rebelution

Ooh yea (x4)

How you feeling? How you feeling? People, take it easy can't you see that I'm busy now  
I've got a knack for some trouble believe me, and lately I've been trying to block it out  
I've got a strange little other side, a temptation that I try to hide  
Just like a pretty girl saying do or die \*that's right\*  
Oh, And I can tell when I look at you  
Oh, That you've been going what I'm going through  
The same thing happens, the same thing happens  
But I've been thinking I can be a better man see  
Instead of taking life for granted I feel lucky to be alive, good how I'll feel inside  
And from now on we're taking big strides

Ooh yea (x4)

Hold up, now yes I'm on something great, if you know you relate, no one's perfect  
And if you think you can't count your mistakes, think again, cuz I know that you can  
Dear sir, I'm pretty sure that we grow every day based on simple mistakes that we make \*like\*  
There ain't no easy way, \*say it again,\* there ain't no easy way  
Oh, And I can tell when I look at you  
Oh, You know exactly what I'm going through  
The same thing happens, the same thing happens  
But you keep thinking you can be this better man see  
Instead of taking life for granted you'll feel lucky to be alive, good how you'll feel inside  
And from now on we're taking big strides.

Ooh yea And all through real life it goes like

Ooh yea (x7)
