

# California Skies

## Come And Go

Standing at the side of an old dirt highway 95  
Pickup's busted down again  
Summer days in Nashville burn your soul alive  
Wishing I could send a letter or a line

But if I could just keep on moving in the direction of the setting sun...

California Skies, won't you bring me back to my lover's eyes?  
California Skies, won't you bring me back to my lover's eyes?

West Texas blues with Mexico in view  
Hanging at the local bars  
Rocky Mountain Way just can't compare  
To being in your arms

But if I could just keep on moving in the direction of the setting sun...

California Skies, won't you bring me back to my lover's eyes?  
California Skies, won't you bring me back to my lover's eyes?

Instrumental

But if I could just keep on moving in the direction of the setting sun...

California Skies, won't you bring me back to my lover's eyes?  
California Skies, won't you bring me back to my lover's eyes?

California Skies, won't you bring me back to my lover's eyes? x2
