

Insane

Korn

[Intro]

Lies! [Verse 1]

Things keep ending up this way (come and get off)

Another notch is carved away

In the thoughts of mass decay

Funny how things end up this way

[Chorus]

Beaten down, dominated by its sound

Growing deep within my head

Softly dying, its soul is shed

Eating me all up inside

This cancer finds everything I hide

Living my life horrified

Nothing will keep this pacified and out my life

(Lies) Does nobody know I'm insane? [Verse 2]

Satisfaction is delayed (come and get off)

Its motivation is displayed

Finding its misogyny

Funny how I die and go away (come and get off) [Chorus]

Beaten down, dominated by its sound

Growing deep within my head

Softly dying, its soul is shed

Eating me all up inside

This cancer finds everything I hide

Living my life horrified

Nothing will keep this pacified and out my life

(Lies) Does nobody know I'm insane? [Bridge]

I'm constantly beat up inside

And I'm the one to blame

No one can relate to me

Does nobody know I'm insane? [Pre-Chorus]

Beaten down, dominated by its sound

Living my life horrified

Nothing will keep this pacified and out my life [Chorus]

Beaten down, dominated by its sound

Growing deep within my head

Softly dying, its soul is shed

Eating me all up inside

This cancer finds everything I hide

Living my life horrified
Nothing will keep this pacified and out my life
(Lies) Does nobody know I'm insane?
