Sunshine

Kids In Glass Houses

Talk to me
'Cause I need an answer, I need an answer
Carry me
'Cause I need an answer, I need an answer
Torture me
Forever wrong and on and on
'Cause I know what you ought to know
Stop wishing for the sunshine
(Whoa)
Start living in the rain
(Whoa)
Stop telling me we'll be fine
(Whoa)
Start living with the pain
Stop wishing for the sunshine
(Whoa)
Start living in the rain
(Whoa)
Stop telling me we'll be fine
(Whoa)
Start living with the pain
Talk at me
This is a problem, this is a problem
You and me
We never solve them, we never solve them
Honestly
Can't soldier on like nothing's wrong
These secrets, they won't keep for long
Stop wishing for the sunshine
(Whoa)
Start living in the rain
(Whoa)
Stop telling me we'll be fine
(Whoa)
Start living with the pain
Stop wishing for the sunshine
(Whoa)
Start living in the rain
(Whoa)

Stop telling me we'll be fine
(Whoa)
Start living with the pain
Long live me 'cause I'll be fine without you
Without you
Long live me 'cause I'll be fine without you
Without you
Stop wishing for the sunshine
(Whoa)
Start living in the rain
(Whoa)
Stop telling me we'll be fine
(Whoa)
Start living with the pain
Stop wishing for the sunshine
(Whoa)
Start living in the rain
(Whoa)
Stop telling me we'll be fine
(Whoa)
Start living with the pain
Long live me 'cause I'll be fine without you
Without you
Long live me 'cause I'll be fine without you
Without you
Long live me 'cause I'll be fine without you
Without you
Long live me 'cause I'll be fine without you
Without you
