

# Sunshine

## Kids In Glass Houses

Talk to me  
'Cause I need an answer, I need an answer  
Carry me  
'Cause I need an answer, I need an answer  
Torture me  
Forever wrong and on and on  
'Cause I know what you ought to know  
Stop wishing for the sunshine  
(Whoa)  
Start living in the rain  
(Whoa)  
Stop telling me we'll be fine  
(Whoa)  
Start living with the pain  
Stop wishing for the sunshine  
(Whoa)  
Start living in the rain  
(Whoa)  
Stop telling me we'll be fine  
(Whoa)  
Start living with the pain  
Talk at me  
This is a problem, this is a problem  
You and me  
We never solve them, we never solve them  
Honestly  
Can't soldier on like nothing's wrong  
These secrets, they won't keep for long  
Stop wishing for the sunshine  
(Whoa)  
Start living in the rain  
(Whoa)  
Stop telling me we'll be fine  
(Whoa)  
Start living with the pain  
Stop wishing for the sunshine  
(Whoa)  
Start living in the rain  
(Whoa)

Stop telling me we'll be fine  
(Whoa)  
Start living with the pain  
Long live me 'cause I'll be fine without you  
Without you  
Long live me 'cause I'll be fine without you  
Without you  
Stop wishing for the sunshine  
(Whoa)  
Start living in the rain  
(Whoa)  
Stop telling me we'll be fine  
(Whoa)  
Start living with the pain  
Stop wishing for the sunshine  
(Whoa)  
Start living in the rain  
(Whoa)  
Stop telling me we'll be fine  
(Whoa)  
Start living with the pain  
Long live me 'cause I'll be fine without you  
Without you  
Long live me 'cause I'll be fine without you  
Without you  
Long live me 'cause I'll be fine without you  
Without you  
Long live me 'cause I'll be fine without you  
Without you
