

# Mystery Train Part II

## Steve Earle

There's a train a comin'  
There's a train a comin'  
Hear them tracks a hummin'  
There's a train a comin'Can't you hear her blowin'  
Can't you hear her blowin'  
Wonder where she's goin'  
Can't you hear her blowin'Run down to the station  
Run down to the station  
Dread and fascination  
Run down to the stationDon't you want to ride her  
Don't you want to ride her  
Wonder what's inside her  
Don't you want to ride herShe ain't bound for nowhere  
She ain't bound for nowhere  
Engineer just don't care  
She ain't bound for nowhereShe run down the mountain  
She run down the mountain  
She won't even slow down  
Mmm, down the mountainThere's a train a comin'  
There's a train a comin'  
[Incomprehensible] a hummin'  
There's a train a comin'
