

Stupidity

Dr. Feelgood

All around the world
Every boy and girl
Come along with me, yeah
That's a stupidityPapa said I look so scared
Mama said I look a fool
I don't mind their criticism
They do that every day in schoolOhh, come along with me
See how much fun it can be
Watch it on TV
That's a stupidityPapa said I look so scared
Mama said I look a fool
I don't mind their criticism
They do that every day in schoolOhh, come along with me
See how much fun it can be
Watch it on TV
That's a stupidityFuckin' it'll be stupid to let it goCome along with me
See how much fun it can be
Watch it on TV, yeah, yeah
That's a stupidity
